Funded by
the European Union

OBSGSESSION receives funding from the European Union's Horizon Europe research and innovation programme under grant agreement No. 101134954. Views and opinions expressed are those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency (REA). Neither the EU nor the European Research Executive Agency (REA) can be held responsible for them.

A series of internal Seminars on OBSGSESSION's primary topics have begun with the goal of aligning the partners' knowledge and ideas, and also promoting knowledge uptake on the explored topics. Watch the first two below:
